Subject: No Quorum- MPPDC July Commission Meeting Canceled

All-

For the first time in over 25 years, it seems like we wont have a quorum tonight. Tom and I have decided to cancel the meeting. We don't want Commissioners, like Otto driving from upper KW to arrive only to find that we don't have a quorum. Plus, the work of the Commission should be as reflective of the body as possible and not just a handful of Commissioners who could make it.

Lack of quorums are happening all over govt with increasing frequency as everyone tries to restart the old way of governing. Several have asked about electronic meeting option tonight. With the expiration of the Governors EO, we cant offer electron meetings. We hope the GA will address this in August.

There is nothing on the agenda that we can not pick up in September. We have no meeting in Aug.

Enjoy your time off. Be safe, Dr Williams reports the Delta variant is in the MP and will be causing us more problems.
